

## **Rusha Sardhara**

Rusha Sardhara is currently pursuing a Ph.D. at Long Island University, Brooklyn, NY under the guidance of Dr. Kenneth Morris. She holds a Bachelor of Pharmacy from Gujarat Technological University, India. She has assisted several LIU graduate students with their research projects regarding roller compaction, nano crystals and solubility enhancement. She has also presented several posters on in-situ gel formulation at the Indian Pharmaceutical Congress conferences and state level seminars. She is currently working as a graduate research assistant at Lachman Institute of Pharmaceutical Analysis. Her area of research interests includes process optimization and new formulation development in the field of pharmaceutical sciences.
